

In this website (<http://mediaq.usc.edu/dataset/>), it includes three items:

1. An folder “videos”

- In this folder, it contains 1924 video content files with formats of MP4 or MOV.
- File size: 58.18GB.

2. A file “VideoMetadata.txt”

- A metadata file of videos. It contains the information of video files, users and the recording mobile devices.
- It has 2397 lines. Each line is corresponding to a video. Note that there are 473 videos without video contents.
- File size: 210KB.
- Each line in the file is composed of the following fields sequentially. The fields are separated by a tab space.

VideoFileName	DeviceID	DeviceModel	IsVideoContentUploaded
VideoResolution_Width	VideoResolution_Height	VideoLength	
FrameCount			

3. A file “FOVMetadata.txt”

- Another metadata file of videos. It contains the FOV information for all the videos listed in the file “VideoMetadata.txt”.
- It has 208,978 lines. Each line is corresponding to an FOV.
- File size: 26.40MB.
- Each line in the file is composed of the following fields sequentially. Again, the fields are separated by a tab space.

VideoFileName	FOVNumber	Latitude	Longitude	Theta
Alpha	R	Timestamp	Keywords
